Trapdoor Creative

Full Stack Web Developer

Thank you for the opportunity to apply for your Full Stack Web Developer role at Trapdoor Creative. After reviewing your job description, it's clear that you're looking for a candidate that is extremely familiar with the responsibilities associated with Full Stack Web Development, and can perform them confidently. Given these requirements, I am certain that I have the necessary skills to successfully do the job adeptly and perform above expectations.

I am a passionate, self-motivated developer and I had the privilege of working for Backstreet Surveillance in a Full Stack Developer role, where I have learned valuable professional skills such as web metrics, creative web design and web page content management. I also was instrumental in Backstreet Surveillance winning the "Best in State Award" for best inventor. In both my academic and professional life, I have been consistently praised as detail oriented by my professors and peers. Whether working on academic, extracurricular, or professional projects, I apply proven analytical, technical and teamwork skills, which I hope to leverage into the Creative Web Designer role at your company.

After reviewing my resume, I hope you will agree that I am the type of competent and competitive candidate you are looking for. I look forward to elaborating on how my specific skills and abilities will benefit your organization. Please contact me via email at stephanmfalcon@gmail.com to arrange for a convenient meeting time.

Thank you for your consideration, and I look forward to hearing from you soon.

Sincerely,

Stephan Falcon
